

# CUSTOMER ADVISORY

## UPDATE 1: CURRENT SITUATION IN BANGLADESH

July 22, 2024

Dear Valued Customer,

APL Logistics would like to provide an update on the current situation in Bangladesh following our previous advisory.

As of the latest reports, the situation in Bangladesh remains challenging from a business operations perspective, with no significant improvement. The government has implemented a nationwide curfew and declared July 21 and July 22 as public holidays. Unfortunately, communication disruptions continue to persist, affecting the ability to communicate in and out of the country.

Our regional operations support teams are on standby and ready to provide specific updates based on the latest available information. Despite the ongoing communication challenges, we remain committed to keeping you informed and minimizing any potential impact on your operations.

We will continue to monitor the situation closely and provide further updates as the situation evolves. If you have any questions or require additional information, please do not hesitate to reach out to your dedicated APL Logistics representative.

Sincerely,  
APL Logistics
